<u>Parallel Sessions</u>	AI Venue: Warsaw 1 Chairs: Adamos Hadjipanayis & Hania Szajewska	Sport medicine Venue: Warsaw 2&3 Chairs: Lina Jankauskaite & Anna Turska-Kmieć	Pulmonology & Allergy Venue: Warsaw 4&5 Chairs: Liviana Da Dalt & Arunas Valiulis	
10:30-10:50	AI tools in Paediatric Urgent Care – Amelie Sabze	The Role of Pre-participation Paediatric Physical Evaluation in Preventing Sudden Athletes Death – Anna Turska-Kmieć	Cystic Fibrosis: Recent Advances and Challenges – Bülent Karadag	
10:50-11:10	Is it ever OK to Use Large Language Models in Research? Where Do We Draw the Line? – Hania Szajewska	Effects of Exercise on Depression in Adolescent Patients with Obesity and T2D – Michael Yafi	10:50-11:00 Effect of Infant Feeding with Whole Goat Milk Formula or Cow Milk Formula on the Occurrence of Atopic Dermatitis in the First Year of Life: a Randomized Controlled Trial – Laura Schlosser	

Saturday, 18 October 2025

11:10-11:30	Digital mother- child health care - Liesbeth Siderius	11:00-11:20 Relative Energy Deficiency in Sport - Emily Todd	11:00-11:20 Indoor Air Pollution in Schools and Kindergartens and New Evidence of Harm to Child Health - Arunas Valiulis
11:30-11:50	AI in Patient Care - Opportunity or Threat? - Adamos Hadjipanayis	11:20-11:40 Pediatric Sport-Related Concussion - Silvia Bressan	
12:00-12:30	Coffee Break, E-Poster Viewing, Exhibition		Venue: Exhibition Foyer
<u>Parallel Sessions</u>	Hematooncology Venue: Warsaw 1 Chairs: Tomasz Szczepański & Ann de Guchteneare	Nutrition Venue: Warsaw 2&3 Chairs: Berthold Koletzko & Michał Brzeziński	Gastroenterology Venue: Warsaw 4&5 Chairs: Rodrigo Vazquez & Fügen Çullu Çokuğraş
12:30-12:50	New Chance for Children with Rare Disorders - Hematopoietic Stem Cell Transplantation - Krzysztof Kałwak	Coffee, Energy Drinks and Sweeteners in Children's Diet - Michał Brzeziński	Faecal Incontinence - Marcin Banasiuk
12:50-13:00 Oral Presentations	Cerebrovascular Toxicity in Childhood Leukemia : A Retrospective Study - Agata Rocka	From Bottle to Bodyweight: The Impact of Early Excessive Milk Intake on Nutritional Status in Later Infancy - Dwi Lestari Pramesti	Effects of Feeding Bottles with Different Venting Methods on Infant Gastrointestinal Discomfort: A Multicenter Randomized Controlled Trial - Yang Liu (Pre recorded presentation)

Saturday, 18 October 2025

13:00-13:10	Gait abnormalities in a child as an exclusive clinical manifestation of malignancy or how steroids can mask the clinical picture - Katarzyna Domarecka	13:00-13:20 Human Milk Nutrition and Infant Development - Miguel Sáenz de Pipaón (Virtual)	13:00-13:20 Microbiota and Biotics in Gut-Brain Interaction Disorders in Pediatrics - Rodrigo Vazquez
13:10-13:20 Oral Presentations	Sickle Cell Ulcers in a Migrant Adolescent: Familiar Disease, Unfamiliar Presentation - Sofia Andrade	13:20-13:30 Complementary Effects of Synthetic Human Milk GM3 Ganglioside and 2-Fucosyllactose on Gut Health: an Ex-Vivo Study. - Marie-Claire Fichot	13:20-13:30 Laboratory Assessment of Migration Speed for Enteric Neural Stem Cells - Jeng Chang Chen
13:20-13:30 Oral Presentations	Transplantation-associated Thrombotic Microangiopathy: the First Single-center Prospective Study in Children Treated with Allogeneic Hematopoietic Stem Cell Transplantation in Poland - Tomasz Jarmolinski	13:30-13:50 Young Child Formula - is there a Benefit? - Berthold Koletzko	13:30-13:50 Chronic Pancreatitis - Grzegorz Oracz
13:30-13:50	Cellular Therapies in Paediatric Oncology - Tomasz Szczepański	13:50-14:00 Gut Microbiota-Derived Short-Chain Fatty Acids and Sleep Disturbances in Pediatric ADHD: Insights into Neurobiological Links and Treatment Implications - Nonglak Boonchooduang	13:50-14:00 Effect Of Helicobacter Pylori on Inflammatory Parameters, Attack Frequency, and Attack Duration in Children with Familial Mediterranean Fever - Mehmet Agin
13:50-14:00 Oral Presentations	Non-anemic Iron Deficiency in Early Childhood: Associations with Emotional Symptoms and Attention Performance in a Three-Center Clinical Study from Türkiye - Süleyman Yıldız		
14:00-15:00	Lunch Break, E- Poster Viewing, Exhibition		Venue: Exhibition Foyer

Saturday, 18 October 2025

Parallel Sessions	Diagnostics Venue: Warsaw 1 Chairs: Jan Styczyński & Iren Kantor	Pediatricians Venue: Warsaw 2&3 Chairs: Nora Karara, Teresa Jackowska & Liviana da Dalt	Ethics Venue: Warsaw 4&5 Chairs: Joe Brierley, Tom Stiris & Ann de Guchtenaere
15:00-15:20	Point-of-care Ultrasound to Improve the Quality of your Practice -Ron Berant	14:45-15:10 How to Ask and Answer - Duty on Call - Ruth Löllgen	When Families and Clinicians Disagree - Joe Brierley
15:20-15:30 Oral Presentations	Soluble α -Klotho and FGF23 Levels in Childhood Cancer Survivors: Association with Nephroand Cardiotoxicity. - Katarzyna Taranta-Janusz	15:10-15:20 Our Journey: Strengthening the Training Programme for Paediatric Resident Clinicians - Which Measures were Effective? - Navjot Purewal	Using Unified Modeling Language (UML) to Bridge Clinical Practice and Health Data Interoperability in Paediatrics - Liesbeth Siderius
15:30-15:50	Lymphadenopathy: Current Approach to Management - Jan Styczyński	15:20-15:30 EBP exam - an overview - Liviana da Dalt	Children's Rights in Healthcare - Ann de Guchtenaere
15:50-16:00 Oral Presentations	Early Detection and Diagnosis of Long-COVID Nephropathy in Children - Nazar Petritsa	15:30-15:50 How to Pass the European Pediatrics Exam - Tomasz Szatkowski	The Role of Cybersecurity in Safeguarding Telemedicine Practices: Ethical and Practical Implications in Paediatric Care - Iliada Evripidou
16:00-16:30	Coffee Break, E-Poster Viewing, Exhibition		Venue: Exhibition Foyer

Saturday, 18 October 2025

<u>Parallel Sessions</u>	Adolescent Medicine Venue: Warsaw 1 Chairs: Artur Mazur & Helena Fonseca	Neonatology & EPNS Venue: Warsaw 2&3 Chairs: Süleyman Yildiz, Tom Stiris & Maria Roberta	Therapy Venue: Warsaw 4&5 Chairs: Zachi Grossman & Luigi Titomanlio
16:30-16:50	Integrating Sleep into Child and Adolescent Health - Perran Boran	Seizures or Non-seizure: Diagnosis and Management - Maria Roberta Cilio	Antibiotic Therapy - Less Is More - Zachi Grossman
16:50-17:00 Oral Presentations	Impact of Adolescent Obesity on Adult Metabolic and Cardiovascular Outcomes - San-Fang Chou	Effect of Prophylactic Sodium Supplementation on Prevention of Late Onset Hyponatremia in Neonates less than 32 Weeks-an RCT - Amrutha Visalakshi S	Prognostic Impact of Treatments in Pediatric Dehydration: A Retrospective Study from the Pediatric Emergency Department - Ferah Diyar Karaman Can
17:00-17:20	HPV Vaccine Hesitancy - Akihiko Saitoh	Long-term Cardiovascular and Renal Complications of Prematurity - Przemko Kwinta	New Challenges and Solutions in Antibiotic Resistance - Shai Ashkenazi
17:20-17:30 Oral Presentations	Adolescent Substance Use in a NSW Metropolitan Health Service - Malini Rajandran	Assessment of Cerebral Oxygenation Using Regional Oximetry in Neonates with Perinatal Asphyxia Treated with Therapeutic Hypothermia - Abdulsamet Akan	PCR vs Stool Culture in Pediatrics Diarrhea: Impact on Antibiotics Treatment Decisions - Gida Dahamshi

16-19
October
2025

Saturday, 18 October 2025

17:30-17:50

How to Talk to a Teenage Patient - Helena Fonseca

Intrauterine Exposure - not just Alcohol and Nicotine - Süleyman Yildiz

New Perspectives in the Treatment of Type 1 Diabetes - Agata Chobot

17:50-18:00
Oral Presentations

Severe anemia in adolescents: a continuously rising public health concern - Laura-Maria Grigoras

Optimizing Endotracheal Tube Depth: A Randomized Trial Comparing Nasal-Tragus Length and Weight-Based Formulas in cohort of VLBW Neonates in India - Anjali Joshi

Strategies for Promoting Healthy Lifestyles in Children - Singapore Initiatives - Rajeev Ramachandran

From 19h00

Networking Dinner at the Leonardo Royal Warsaw Hotel

Sunday, 19 October 2025

08:00-13:00	Registration		Venue: Foyer
	WORKSHOP SESSION Venue: Warsaw 2	WORKSHOP SESSION Venue: Warsaw 4
